Pop-Up Cycle Parking Concept

York Cycle Campaign

POP UP BIKE PARKING

Key learning points:

Leicester benefited from political stability, enlightened leadership, responsive to identified multi-cultural community needs.

Leicester city centre secure parking boosted confidence in cycle use for everyday travel – a key element of increased levels of cycling.

Low tech solution, using redundant town hall space kept costs low

York: Lack of council staff resource / funding can be overcome by creative approaches – local business goodwill and dedicated volunteer activity can make it happen where the council fails.

Campaign media profile, work with local police/ bike security + marking helps to reinforce the need for secure bike parking.

Next steps? Explore business collaboration, Mayoral /Active Travel funding bids and strategic fit with Transport Strategy – micromobility, bike hire, car clubs, demand responsive bus services etc.

How quickly can we establish a **permanent secure bike hub**, *and* make ‘pop up’ cycle parking the norm at big public events such as concerts, racedays and Christmas markets. Please get in touch to share your thoughts and ideas!

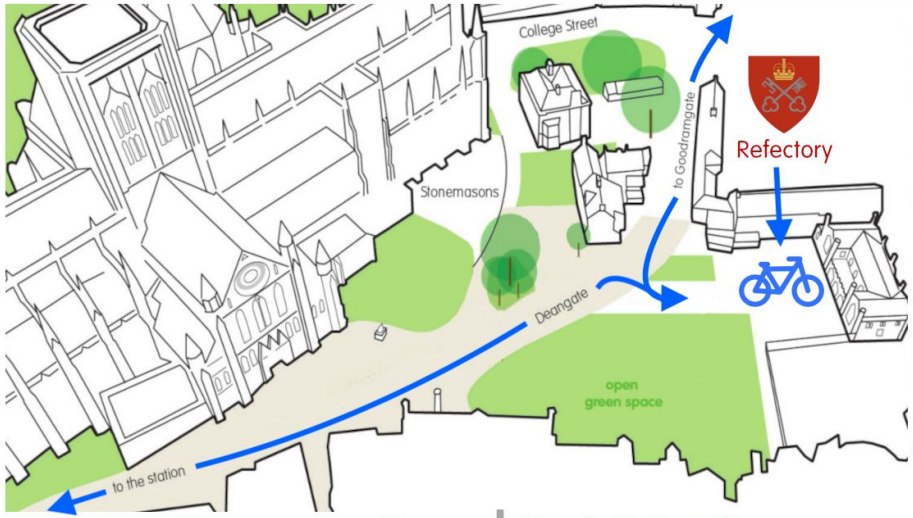
SUPERVISED CYCLE PARKING

FEB 22ND + 23RD — YORK MINSTER REFECTORY

FREE and **SECURE** bicycle parking in the city centre, supervised by volunteers from York Cycle Campaign.

Find out more:



10am to 9pm | Sat 22nd
10am to 5pm | Sun 23rd

York Cycle Campaign is pushing for a permanent city centre bike park. To join our campaign, scan the above QR code or visit www.yorkcyclecampaign.bike. We would like to thank York Minster Refectory for offering us their space and ask that you donate generously to the homelessness charity SASH (charity pot stationed at venue).

YORKCYCLE CAMPAIGN

From pop up bike parks to permanent secure cycle hubs:

- Jun 2025 Active Travel Commissioner appointed

- Sept 2025 CA Active Travel Investment fund £4m to Apr 2028

- Campaign to look for partner organisations to bid to create York's first secure bike hub?
